A Sheep is Asleep On My Sofa

A sheep is asleep on my (sofa, soffa, sofer).
 A sheep is asleep on my (flore, floor, florr).
 A sheep is asleep in the (clozet, closett, closet),
 and seems to be starting to (snore, snoor, snorr).

A sheep is asleep on my (dreser, dresser, dressar).
 A sheep is asleep on my (bed, bedd, edb).
 I found when I woke up this (morning, morning, morneng),
 a sheep was asleep on my (hedd, hed, head).

A few can be (found, fownd, foond) in the corner.
 They're soundly (asleap, asleep, aslleep) in a heap.
 There isn't a space in my (beddroom, bedroom, bedroom),
 that isn't all covered in sheep.

With so many sheep in my bedroom,
 I'm thinking I wasn't too (bright, brite, bryte),
 and maybe I shouldn't have asked for
 a sheepover (partee, partyy, party) last night.
